Xanté to Showcase Latest Printing Technologies at Graphics Canada 2023 Booth #5400

Mobile, AL - Xanté, a leading provider of innovative digital printing technologies, is pleased to announce its participation in the upcoming Graphics Canada show on May 11th-13th, booth #5400 at the Toronto International Centre.

"We are extremely excited to be back in person and showcase our latest advancements in printing technology at Graphics Canada 2023," said Robert Ross Jr., President and CEO of Xanté. "The Canadian market is important to us, and we are proud to have our long-time partner, Sydney Stone, represent us at the event." Ross also noted, "With COVID behind us, we look forward to showcasing our products in person and demonstrating the enhancements we have made.

"Sydney Stone is proud to be Canada's exclusive Xanté dealer. We will be actively running both machines and offering in depth product demonstrations and iQueue software demonstrations from our Xante product experts." National Sales Manager, Stephen Longmire.

We believe that our printer technologies will be an excellent addition to the Canadian market. At the booth, attendees can see two of our premier products: the Xanté En/press and the X-33 UV Flatbed Printer. We are eager to show how these products can improve your printing capabilities and help you grow your business.

Don't miss the opportunity to visit the booth to learn more about our partnership with Sydney Stone, meet with experts, and explore the possibilities that Xanté can offer. For more information about Xanté and its products, visit www.xante.com. See you at Graphics Canada!
